VERTICOOL EXTERIOR DROP SHADES

FABRIC

SugarHouse Industries exterior drop shades are made from fabric that is exceptionally durable and highly customizable. For optimal shade we recommend using a 90%-95% mesh.

OUR MESH FABRICS:

- Are made with reliable, name-brand outdoor fabrics such as Textilene®.
- Carry a 10 year limited warranty.
- Block the sun but not the view.
- Our vinyl-coated, polyester-fiber mesh fabric stops 85%-95% of UV rays.
- Come in six color options from which to choose.
- Are infused with Microban® technology, an antimicrobial that inhibits the growth of stains and odor-causing bacteria.
- Offer excellent shading advantages without trapping heat or airflow.

OPERATION

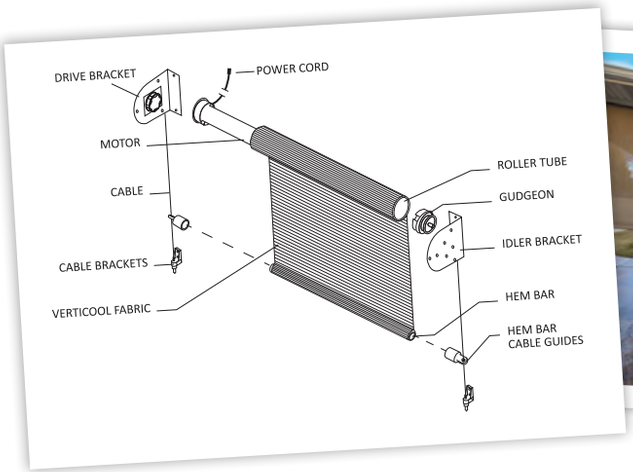
Choose between motorized or manual. Motorized shades include wireless remote controls to lower the shade with a push of a button. Manual shades use a hand crank to raise and lower the shade.

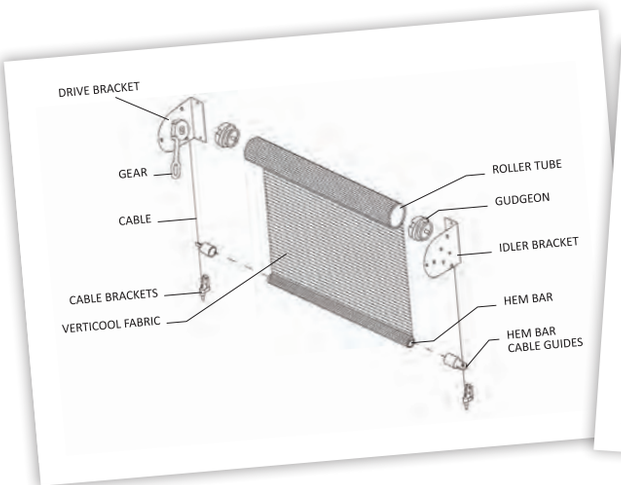
OPTIONS:

- Wind Sensor
- Sun Sensor
- Remote Control
- Interior Wall Mount Control
- Home Automation Integration
- Cable Guided
- Soffit Mount Brackets

Motorized Exterior Drop Shades

- Exterior drop shades that are installed with an optional electric motor use a wall switch or handheld remote control to conveniently raise and lower the shade.
- Some larger drop shades require a motor in order to function properly.



Manual Operated Exterior Drop Shades


- Manually operated drop shades use a hand crank to raise and lower the shade.
- The crank can be removed and stored when not in use.
